Wearing The College Uniform

Wearing The College Uniform

The Carmel College student uniform provides a distinct identity for students, setting them apart and connecting them to the history and legacy of the college community. Students are expected to contribute to this legacy by wearing their uniform with pride reflecting the conservative, professional nature of the College. High standards of dress and personal presentation are important at all times. All items of the uniform must be clean and kept in good repair. The Carmel College uniform is worn in such a manner that it reflects the values of personal dignity and respect for self, others and the College.

Sun Smart

Carmel College is committed to a culture of being sun smart. Ultraviolet radiation (UVR) levels are highest during the hours that students are at school. Students need to be aware that they are responsible for their own health and safety, be positive role models for other students and support each other to observe Sun Safe practices, which includes the wearing of suitable SPF sunscreens on exposed areas of skin and wearing a hat.

All students are expected to wear the appropriate uniform hat anytime they are not indoors.
