**NEXT STEP 2016**
**DESTINATIONS OF 2015 YEAR 12s**
Carmel College

**Introduction**
This page presents a summary of results of the annual Next Step survey for Carmel College. The Next Step survey, undertaken by the Queensland Government, targets all students who completed Year 12 and gained a Senior Statement in 2015, whether they attended a state, Catholic or independent school, or a TAFE secondary college. The Queensland Government Statistician’s Office conducted the survey between March and June 2016, approximately six months after the young people left school. Responses were collected online and via computer-assisted telephone interviewing.

Statewide and regional reports from the Next Step survey will be available on the Next Step website in September 2016 at www.education.qld.gov.au/nextstep.

**Response rate for Carmel College**
Table 1 below reports the response rate for Carmel College. It expresses the number of respondents from this school, as a percentage of all Year 12 completers who attended Carmel College in 2015.

Due to the low response rate, these results should be interpreted and used with caution.

**Definitions of main destinations**
The pathways of Year 12 completers were categorised into ten main destinations. Year 12 completers who were both studying and working were reported as studying for their main destination. A table defining these categories can be found in the statewide report at www.education.qld.gov.au/nextstep.

**Summary of findings**
In 2016, 80.0% of young people who completed Year 12 at Carmel College in 2015 continued in some recognised form of education and training in the year after they left school.

The most common study destination was Bachelor Degree (45.3%). The combined VET study destinations accounted for 34.7% of respondents, including 23.2% in campus-based VET programs, with 21.1% of Year 12 completers entering programs at Certificate IV level or higher.

11.6% commenced employment-based training, either as an apprentice (10.5%) or trainee (1.1%).

In addition to the above study destinations, a further 10.5% of respondents from this school deferred a tertiary offer in 2016 (deferrers are included in their current destination).

20.0% did not enter post-school education or training, and were either employed (18.9%) or seeking work (1.1%).
